

The PK Scholarship Fund

(Pastor's Kids)

This is David and Daniel Garcia. They are the twin sons of Rev. Valentin Garcia, a pastor in Monterrey, Mexico. As musicians they lead worship at their father's church. They are also students at the University of Mexico. David is studying to become a medical doctor. Daniel is studying to become a dentist and oral surgeon; specializing in corrective surgery. Both are dedicated students with a deep desire to develop and use their skills to help others. Without the help of the PK Scholarship Fund, they will not be able to finish school. They are not alone in this financial struggle. Rev. Dr. Paul Garcia, Bishop of Oriental Conference explains why this is true... *The lifestyle of most pastoral families in the Oriental Conference is very modest. The average salary for pastors is less than \$400.00 a month. This makes children's education a challenge for pastors of the Conference. Though the government provides free school for the basic educational levels, education remains expensive since there is always need to pay for needs related to the educational process.*

You can help our partners in mission and ministry, the people of the Oriental Conference, help their Pastors' Kids get the education they need to become the leaders God created them to be. Please prayerfully consider making a donation to the PK Scholarship. You can make your check out to the Maumee Watershed District. Remember to mark clearly your donation PK Scholarship. Send it to: 1729 Indian Wood Circle, Maumee, OH 43537. It will be designated for this purpose. We are in contact with the liaison in Mexico to insure the scholarships. May God richly bless you as you continue to reach out to bless others in Jesus' name.
