If yes, please explain below:

You may have heard about Senate Bill 187 that went into effect on March 22, 2001. In an effort to care for the well-being of Ohio's children, **all prospective and current volunteers with "unsupervised Access to a Child" may at any time be required to provide a set of fingerprints and undergo a criminal record check.**

We are required to notify all prospective volunteers who may have "unsupervised access to a child" notice of this background check possibility at the time of initial application. This does not mean all volunteers must have a fingerprint and criminal background check, but that each person must be notified such background check could be required of them while they are volunteering.

Please complete and sign this form indicating you have been notified of this law, and return it to Monroe Street Church and Neighborhood Center. Thank you for helping with this important process now required by Ohio law.
